CCI management model

one classification
will never cover
all needs...

What we need next?

A person is silhouetted against a night sky filled with stars and the aurora borealis. The person is holding a flashlight, which is turned on, casting a bright beam of light upwards and slightly to the left. The background is a dark, starry sky with a greenish-yellow aurora borealis visible. The person is standing on a dark, flat surface, possibly a beach or a field, with the ocean visible in the distance. The overall mood is contemplative and hopeful.

+ Industry adoption

- + Practical use-cases and examples
- + Ready to use tools that make life easier
- + Tangible, proven benefit from using CCI
- + Realistic and constructive feedback from users
